edmentum™

Every student deserves the opportunity to thrive everywhere learning occurs. Edmentum partners with K-12 educators to design, implement, and sustain the programs that deliver on this shared promise of learning acceleration for every student.

When you pair Edmentum's proven and comprehensive learning acceleration solutions with empowered and supported educators, you can change the direction of students' lives.

Catch Up

Supercharge paths to **growth** with systemwide intervention, tutoring, and recovery.

Stay on Track

Boost **proficiency** with personalized learning, formative assessment, and test readiness.

Chart Your Own Path

Ensure **college and career readiness** with access to virtual learning, credit recovery, and CTE.

ESSA TIER 2

ESSA tier 2 studies confirm significant achievement gains on NWEA MAP Growth, Renaissance Star, and state assessments with Exact Path.

A mixed-methods study finds soaring course completion rates, by as much as 30%, and increased graduation rates, exceeding 90%, with Courseware.

6,000

Partnering with over **6,000** U.S. school districts and used in over **100** countries.

Engaging over **5 million** students and supporting over **400 thousand** educators.

“ Education is a critical lifesaver for many of our children and Edmentum is a part of that story. We know all of our students have genius and joy and different tools like Edmentum provides allows us to contribute to what their needs are, support where their genius lies, and help them move further. ”

— **Dr. Nicole Moody**,
Assistant Superintendent of Teaching,
Learning, and School Culture
Springfield Public Schools District 186 IL

Exact Path

The right intervention, at the right time, for every student

Elevate your intervention capacity K-12 with diagnostic-driven learning paths in math, reading, and language arts for every student, and access to data-powered growth and proficiency focused instructional tools for every teacher.

Students Exceed Growth Goals

All students access instruction at their ability level to close gaps, achieve on-grade success, and accelerate academic growth.

Teachers Meet Every Learning Need

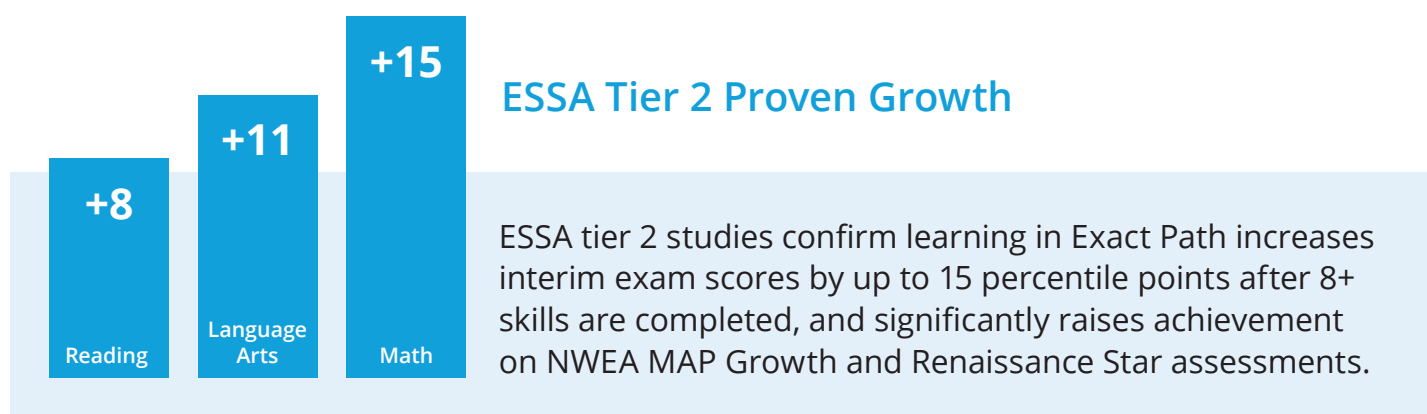

Teachers have the time and tools in every tier of learning to quickly close skill gaps, drive standards proficiency, and advance struggling students back to grade level.

Administrators Scale Growth

School and district leaders gain access to powerful year-over-year growth and proficiency data to move the needle on state assessments and ESSA accountability.

Remove the Barriers to Academic Growth for Every Student

No matter where your students are academically, Exact Path delivers adaptive, age-appropriate, personalized instruction in math, reading, and language arts based on valid and reliable assessment data. Kickstart learning with our Exact Path diagnostic or leverage your NWEA MAP Growth or Renaissance Star data without further testing.

Exact Path's teaching tools are built to complement and maximize the instructional impact in every tier of learning. Standards proficiency practice informs grade-level instruction while our intervention priority dashboard and digital lessons streamline small-group and 1-1 intervention.

Scaling Success Together

Your target outcome is our top priority. Here's how we'll get there:

Optimize rollout for buy-in, adoption, and success.	Coach to identify and address top intervention priorities.	Deepen program knowledge to personalize learning across tiers.	Analyze and reflect on year-over-year achievement data.
---	--	--	---

Additional Service to Meet Student Needs

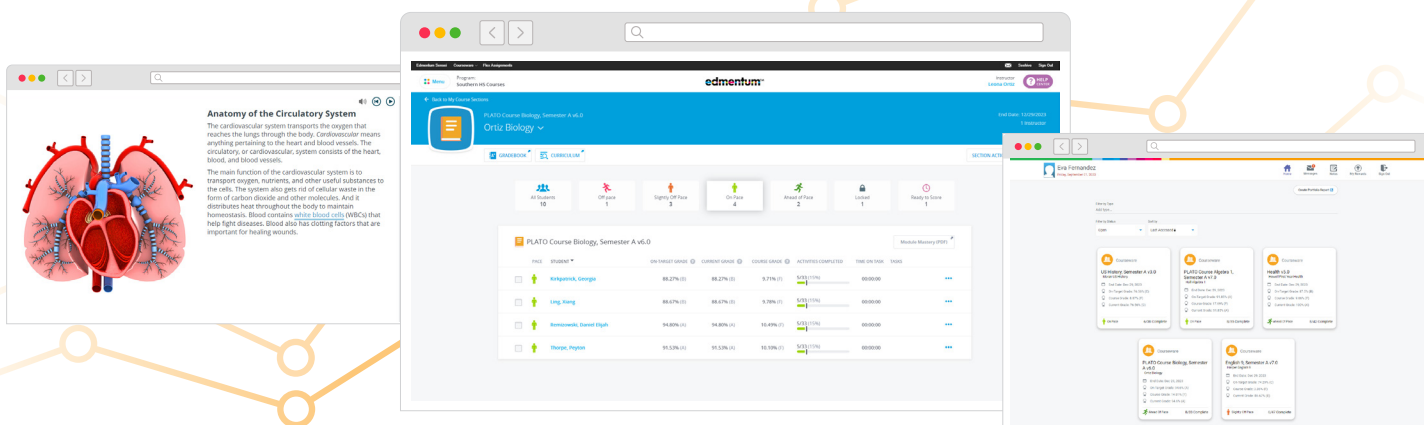

Level up tiered intervention support with high-impact tutoring.

Courseware

Digital curricula to help students reach graduation goals

Unlock paths to graduation with dynamic, mastery-based curricula for grade 6 through adult learners designed to fuel first-time credit, credit recovery, and expanded course access. Our robust catalog comprises core, Advanced Placement®, career and technical education, elective, and world languages courses.

Students Stay Motivated

Students receive explicit instruction, deliberate practice, and ongoing scaffolding with access to interactive instructional tools.

Teachers Keep Students on Target

Teachers meet district requirements with customizable courses aligned to state standards and use data tools to easily report on pacing, progress, and performance.

Administrators Remove Barriers

School and district leaders expand course access to advance learning equity and provide flexible options to earn quality credits toward graduation.

Prepare Students for Postsecondary Education or the Workforce

Whether your students need to catch up, stay on track, or get ahead, Courseware provides effective blended or virtual programs with the depth, breadth, and rigor to help them unlock learning opportunities. Our catalog depth (500+ courses) is matched only by our quality, with several state and agency approvals, including Quality Matters, College Board, and California “a-g.”

Improved Student Learning Outcomes

Courseware’s efficacy-backed curricula are grounded in sound instructional design and use a mastery-based approach to meet all students at their individual levels. Each curriculum delivers media-rich experiences, including project-based learning activities to support active, engaged long-term concept retention.

Meeting Goals Together

Your target outcome is our top priority. Here’s how we’ll get there:

Establish objectives for your credit-bearing program.	Identify curricular priorities and create an implementation plan.	Increase mastery of progress and pacing tools to customize learning.	Measure success against course completion and graduation goals.
---	---	--	---

Additional Services to Meet Student Needs

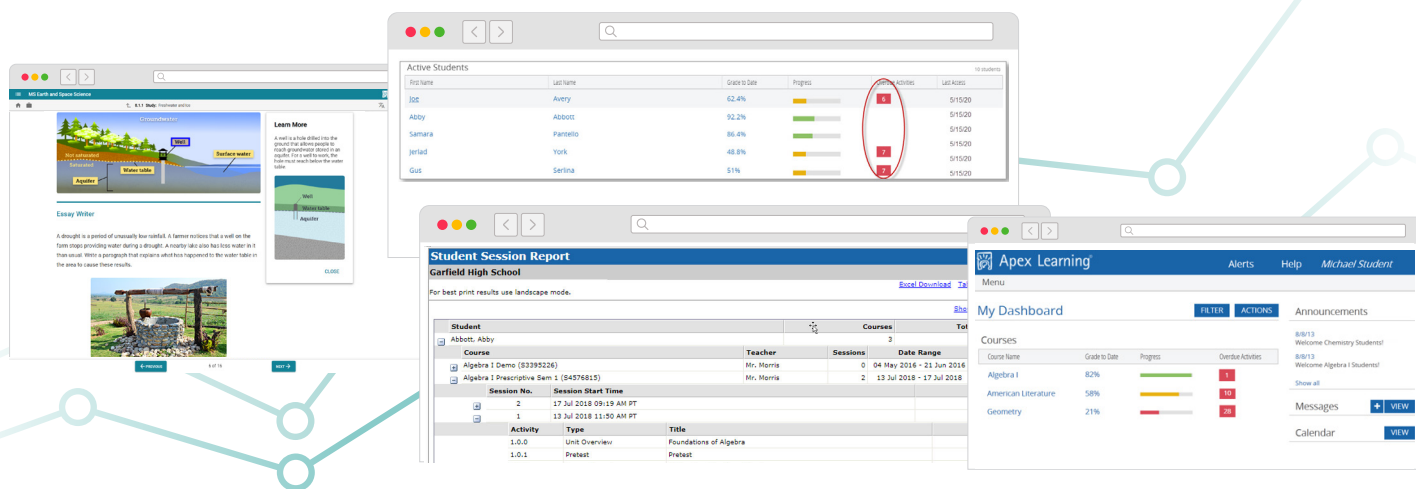

Level up tiered intervention support with high-impact and on-demand tutoring, or maximize teacher talent and instructional time with our virtual grading service.

Apex Courses

Personalized digital curricula to increase on-time graduation

Ensure credit and graduation success for grade 6–12 learners through scaffolded, active learning that supports high-quality programs for first-time credit, credit recovery, and expanded course access. Our robust catalog comprises core, Advanced Placement®, career and technical education, elective, and world languages courses.

Students Stay Motivated

Students receive explicit instruction, deliberate practice, and ongoing scaffolding with access to interactive instructional tools.

Teachers Keep Students on Target

Classroom teachers meet district requirements with standards-aligned, high-impact courses and use intuitive data tools to easily report on student pacing, progress, and performance

Administrators Create Pathways

School and district leaders expand course access to advance learning equity and provide flexible options for earning quality credits toward graduation.

Remove Barriers to Academic Advancement

If your students need extra help or a little more flexibility, or if they just haven't found success in a traditional setting, Apex Courses can help them build both knowledge and confidence through core and elective courses proven to affect the things that matter most: increased achievement, increased graduation rates, and increased college and career readiness.

Apex Courses make rigorous, standards-based instruction accessible to all students. Complicated concepts are often presented as visuals or as interactive activities, which add an extra layer of practice to help learners master material—not just get through it.

Meeting Goals Together

Your target outcome is our top priority. Here's how we'll get there:

Establish objectives for your credit-bearing program.	Identify curricular priorities and create an implementation plan.	Increase mastery of progress and pacing tools to customize learning.	Measure success against course completion and graduation goals.

Additional Service to Meet Student Needs

Level up tiered intervention support with high-impact and on-demand tutoring.

EdOptions Academy

Human-centered virtual instruction to meet district needs

Expand course access and enhance teacher capacity with a customizable, sustainable, and standards-aligned virtual program. EdOptions Academy is a fully accredited K-12 online school that partners with your district to offer high-quality virtual courses with a relationships-first approach.

Students Stay in the District

Students' academic needs are met with flexible access that fits their unique interests, schedules, and goals.

Teachers Accelerate Success

Course access and alternative pathways to graduation are expanded with over 500 core, AP®, CTE, and NCAA®-approved courses.

Administrators Meet Staffing Needs

School leaders partner with our state-certified teachers of record to keep learning on track and retain enrollments.

Customize a Transformative Virtual Learning Experience for Your Students

EdOptions Academy combines award-winning curricula with state-certified teachers, best-in-class learning technology, and holistic student-support services. We partner with your district to achieve diverse goals such as expanding course options and hosting an in-district program for students seeking flexibility.

Prepare Students for Success

Students enrolled in EdOptions Academy courses exceed national averages for achievement, and 95% of them report feeling that their virtual teachers care about their success.

EdOptions Academy helps you fill curriculum or scheduling gaps and keep students on track toward graduation. Establish an in-district virtual program with the customizable model that best fits your needs:

Flexible Virtual Learning

Allow students to decide where, when, and how school takes place.

Enhanced Virtual Learning

Teach full classes of students during the existing bell schedule.

Additional Services to Meet Student Needs

Expand opportunities for connection throughout the virtual learning experience with:

Virtual Tutoring

Flexible options and tailored instruction

Success Coaching

Tiered system of sustained support

Special Education

Supported curriculum and IEP consultants

Tutorials

Concept recovery that motivates students to learn

Catch students up and raise test scores without deep remediation. Empower students to independently fill knowledge gaps with engaging, course- and test-specific learning modules, and target instruction with class and student standards-achievement data.

Students Close Course Gaps and Pass Tests

All students engage the individualized, course-specific, gap-filling instruction they need to successfully learn on grade level and succeed on assessments.

Teachers Streamline Course Readiness

Teachers efficiently provide targeted course-specific support and remediation, increasing their capacity to deliver high quality grade-level instruction.

Administrators Scale Course Success

Administrators reduce credit recovery needs and drive successful on-time course completion and state assessment performance.

Accelerate Every Student Up to Speed

Empower students to close knowledge gaps and persist toward their learning goals. Tutorials' pretest-driven instructional modules focus learning where it's needed most. Individualized lessons ground student learning in real-world examples using video, dynamic text, targeted practice, and immediate feedback.

Deliver targeted reinforcement of classroom instruction and advance student readiness aligned to what they need to pass the course they're taking and the test they're preparing for. Each step of the way, powerful unit, topic, and standard strength and needs reporting drives differentiation to efficiently tackle the highest priority learning needs.

Scaling Success Together

Your target outcome is our top priority. Here's how we'll get there:

Optimize rollout for buy-in, adoption, and success.	Coach to identify and address top course- and test-readiness priorities.	Deepen program knowledge to maximize instructional effectiveness.	Analyze and take action on course completion and test achievement data.

Additional Service to Meet Student Needs

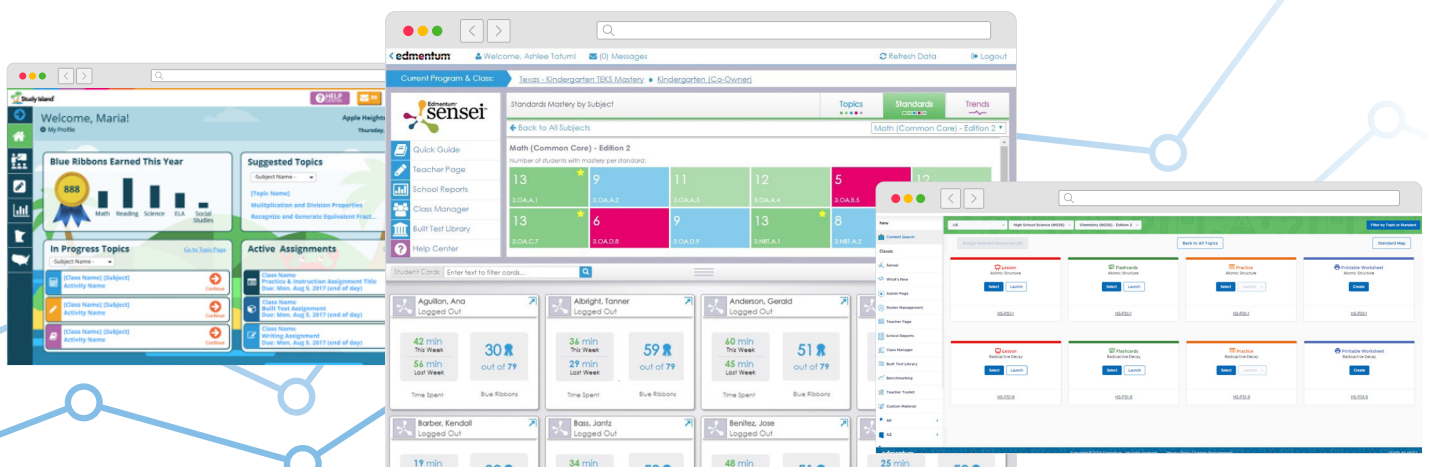

Level up concept recovery support with high-impact tutoring.

Study Island

Research-backed, K-12 standards mastery and assessment

Advance grade-level proficiency and build testing confidence in every learner with interactive state-standards practice and assessment in math, ELA, science, and social studies and ensure the impact of classroom instruction with real-time, intuitive, student-proficiency data dashboards.

Students Master and Retain Standards

All students receive the targeted, standards-aligned practice and reinforcement they need to achieve grade-level success and perform on test day.

Teachers Break Through Learning Barriers

Teachers have the time, data, and teaching tools they need to differentiate high-quality instruction, and test preparation for every student.

Administrators Scale Proficiency

Administrators gain access to districtwide and schoolwide standards-proficiency data to help drive success on state assessments and meet ESSA accountability.

Make High-Quality Instruction Even More Effective

Flex your passion for teaching and unlock your students' passion for learning. Use Study Island to help students focus on achieving their learning goals with individualized practice, instruction, immediate feedback, and mastery rewards in math, ELA, science, and social studies. Get started with Study Island diagnostics or integrate your NWEA® MAP® Growth™ scores in math, reading, and science.

Study Island's ready-to-assign standards practice and assessments, collaborative learning tools, and dynamic lessons are designed to strategically reinforce classroom instruction. Our real-time class and student standards-proficiency data dashboards simplify differentiation and empower personalized test preparation.

Calvert Learning

CALVERT
LEARNING

Digital curricula designed to build a strong foundation

Help students develop a lifelong love of learning with student-centered, project-based, K-5 digital curricula. Courses in ELA, math, science, and social studies—as well as art, art history, health, and PE—leverage high-quality resources and tools to support instruction and motivate students to progress toward and achieve subject mastery.

Students Display Their Knowledge

Students engage with curricula that follow the PLUS (project, learn, use, and show) framework to bring learning to life.

Educators Provide Flexibility

Teachers deliver lessons where needed—whether in a physical classroom or a virtual environment.

Caregivers Play an Active Role

Parents, guardians, and caregivers access reports, feedback, and notes to support their learner's progress.

Additional Service to Meet Student Needs

Maximize teacher talent and instructional time with our virtual grading service.

Targeted Small-Group Instruction

K-12 skills recovery and intervention

Level up tiered intervention support and maximize student growth with high-quality Targeted Small-Group Instruction. Edmentum's qualified educators lead the way with data-driven intervention, helping you strengthen instruction, build capacity, and offer equitable access to tutoring opportunities that may not be available on-site.

This tutoring service can stand alone or be paired with our other award-winning products:

Courseware

Apex Courses

Apex Tutorials

Calvert Learning

Exact Path

Study Island

These prescheduled tutoring sessions are held on-camera. Schedules are customized to align to your school's instructional day, and group sizes vary based on the grade level (grades K-2 have as many as five students in a group, whereas grades 3-12 can have up to eight).

Your students will:

- ✓ Learn with similarly skilled peers
- ✓ Connect with qualified Edmentum teachers
- ✓ Participate in targeted, on-camera instruction
- ✓ Engage in 30- or 60-minute lessons

You will:

- ✓ Participate in data chats with knowledgeable teachers
- ✓ Customize recurring schedules
- ✓ Secure relief from staff shortages
- ✓ Increase intervention at scale

Professional Services

Personalized support for boosting adoption and increasing impact

With Edmentum, you don't just get a product—you get a partner. We're committed to building a sustainable program aligned to your goals. Our consultative and customized approach helps you achieve the teaching and learning outcomes that matter most to you, and our team of learning technology experts stands by your side to:

- Design a strategic program implementation
- Provide teacher coaching and training
- Proactively share best practices
- Assess outcome-based progress against goals

Putting educators first

98%

satisfaction with Edmentum
professional learning sessions

95%

of school and district leaders would
recommend Edmentum to a colleague

“Simply put, Edmentum continues to be a true partner, and that was a nonnegotiable for me. Now, everything we do is under the Edmentum umbrella because of the continued great customer service.”

— Dr. Brent Comer, Superintendent
Mitchell Community Schools, Indiana

Technology Integrations

Seamlessly incorporate Edmentum into your digital ecosystem

We understand the challenges involved with managing multiple tools and systems. That's why we offer a range of seamless and secure integrations to help eliminate the silos and connect the dots, ensuring our partnership is aligned to your district goals and technical needs.
