

In this puzzle, three numbers in a straight line can be added together to get a total of 10. Lines can be horizontal, vertical or diagonal.

Can you help me find eight lines that total 10?

2.4	1.1	4.7	3.9
6.7	3.6	0.8	5.6
1.7	5.3	4.0	3.5
1.6	4.7	5.2	0.9

Did you find all eight lines?

Do you see any sets of two numbers next to each other that total 10?
